OHIO STATE RACING COMMISSION SECTION 3769-16-26:

(D)—Recall reasons for. The starter may sound a recall only for the following reasons: (1) A horse scores ahead of the gate; (2) There is interference; (3) A horse has broken equipment; (4) A horse falls before the word "go" is given; (5) A mechanical failure of the starting gate.

NOTE—IT IS THE POLICY OF NORTHFIELD NOT TO HAVE RECALLS FOR BREAKING HORSES ONCE THE HORSES ARE IN THE HANDS OF THE STARTER.

HANDICAPPERS: You'll find three new aids in each horse's past performance lines in Northfield Park's official program.

1.) FOLLOWING the date of each race, a smaller digit now indicates in which race on that card the horse competed.

2.) BEFORE the "First Three Finishers", you now are told how many horses actually went to post in that race.

3.) AFTER the "First Three Finishers", is a track variance, showing the allowance in seconds for adverse weather conditions, if any.

SUPER JACKPOT SUPERBET

\$2 Can Make You Rich!

SUPER BET is your opportunity to win a bundle for two bucks! **SUPER BET** is held on the fifth, sixth and seventh races daily. On a single ticket you must select the one-two finishers in exact order in the fifth and sixth races and the one-two-three finishers in exact order in the seventh race. This new exotic wager is sometimes called the "PPT" (Perfecta, Perfecta, Trifecta). Hit it and you win...BIG!

SUPER BET is a completely separate wagering pool. Betting on it starts at just two dollars, but our new tote system also allows you to box and wheel key horses (see separate chart) if you desire.

If no **SUPER BET** ticket is sold selecting the exact winning combination, then the net pool is carried forward as "the jackpot" and added to the next program's **SUPER BET** net pool.

If any horse or horses entered in any of the **SUPER BET** races are scratched before the fifth race betting closes, then all wagers including such horse or horses shall be deducted from the **SUPER BET** pool and the money refunded to the purchasers.

After betting closes for the fifth race, tickets must be held until prices are official for the seventh race. Then wagers which select only winners and late scratches, but no losers, will be refunded.

If there is a dead-heat finish involved in one of the **SUPER BET** races, the winning payoff will be the same amount for all winning tickets, unlike other exotic wagering formats.

NEW SUPERBET RULE

AS REVISED, EFFECTIVE FEB. 21, 1986

5) At the last performance of the meet or within seven racing programs after the jackpot exceeds five thousand dollars, a mandatory distribution performance will be declared and advertised to the public. On this performance, all of the jackpot will be distributed even if no ticket combines the exact winning combination. In this case, the winning tickets will be those combining the most consecutive finishers in the winning combination, starting with the winner of the first PPT race. For example, if the exact winning combination is 1-2-1-2-1-2-3, and the best ticket sold is 1-2-1-2-1-2-4, then the official winning combination will be 1-2-1-2-1-2-ALL.

If a jackpot in excess of five thousand dollars is won before a scheduled "declared and advertised". Mandatory distribution performance, the track will still proceed with a mandatory distribution on the scheduled date. That mandatory distribution will be guaranteed at no less than five thousand dollars. If the Superbet Pool is less than five thousand dollars on the previously scheduled mandatory distribution performance, Northfield Park Associates will add whatever funds are necessary to guarantee that the winner of the Superbet receives a total payoff of no less than five thousand dollars after commissions (Multiple winners would share a payoff of no less than five thousand dollars after commissions).

SPECIAL FEATURES WITH NORTHFIELD'S AMTOTE 300 SYSTEM

PERFECTA WAGERING

ONE DOLLAR PERFECTA BOX: You can buy a three or more horse box for a base value of one dollar. **Example—** One dollar perfecta box on the 1-2-3 costs \$6 and pays half of the regular \$2 perfecta price payoff that is flashed on the tote board. In a perfecta, your selections must finish first and second, in that order. By boxing three or more horses, if any two of your selections cross the wire first or second, in whatever order, you're a winner.

ONE DOLLAR WHEEL: **Example—** Select one horse on top with the entire field. Total cost in an eight-horse perfecta field would be \$7 and would once again pay half of the regular perfecta price payoff.

TRIFECTA BETTING

KEY ENTRY: If you think you have picked the winner in a triple race and wish to box other horses for second and third, then use a "key entry." The bet should be called as follows: **Example—** One dollar key entry on #1 with 2-3-4. Total cost for this bet is \$6 and would cover the following six winning combinations: 1-2-3, 1-2-4, 1-3-2, 1-3-4, 1-4-2 and 1-4-3. Since three horses are "boxed" behind the "key entry" (#1), the bet is a three horse-key entry.

A four-horse key entry would cost \$12; a five-horse key entry would cost \$20; and a six-horse key entry, \$30. The examples given here contemplate a one dollar key, but the base price of your key can range from \$1 to \$250.

PART WHEEL: This is a triple bet where you are picking different horses for first, second and third. Two examples follow:

Example #1— If you think the 1 and 2 horses will be first or second and you want to play four horses with them for third, you would ask for a "one dollar (remember, the base price can go as high as \$250, though) part wheel 1-2 with 1-2 with 3-4-5-6-7-8." The cost for this bet would be \$8, covering the following winning combinations: 1-2-3, 1-2-4, 1-2-5, 1-2-6, 2-1-3, 2-1-4, 2-1-5 and 2-1-6.

Example #2— If you think the 1 horse will be first, that the 2, 3 or 4 horse will be second and that the 2, 3, 4, 5 or 6 horse will be third you would ask for a "one dollar part wheel 1 with 2-3-4 with 2-3-4-5-6-7-8." The cost would be \$12, covering 12 different winning combinations: 1-2-3, 1-2-4, 1-2-5, 1-2-6, 1-3-2, 1-3-4, 1-3-5, 1-3-6, 1-4-2, 1-4-3, 1-4-5 and 1-4-6.
